The fact of its failure is important to the military defense of the United States as well as to Mexico. More than 200,000 men, several scout planes, have been flying from Naco once or twice a day, sometimes on the American side of the line, sometimes over Mexican territory.

It was known that the rebel troops were repairing a railroad bridge at Santa Cruz, the military observers were sent to reconnoiter the locality as to whether the troops were there or had gone. They saw the troop cars, but could see no sign of the men, and that they must be hiding under the cars.

AMERICAN PILOT

The first real information of the presence of cavalry at Cananea day near "sixty deep." The Dexter then fired repeatedly at her until she was forced without offer to surrender, the reports stated.

All members of the crew except one were taken from the foundering craft by the Coast Guardmen of the Dexter, which then reported that the ship and sailors had been taken under orders from Lieut. Ebbins, squadron commander at Pascagoula.

The failure of the scout cannot be put down to Mexican inefficiency. The plane piloted by an American aviator. Most of the time this chopper was Gen. Olachos, who certainly knows from long experience what Mexican troops need. The fact that the plane is not modern and up to date is balanced by the fact that rebels have no antiaircraft guns. The attack

Gen. Connelley now is trying to scrape together some cavalry to bolster up the scout plane. Something over 125 saddles have been purchased from the dealer who would sell them to the rebels but could not get them across the line. Enough carbine scabbards to equip two troops have been purchased from army stores and are now at the Naco Consulate.

NEW RADIO NET RISING IN WEST

Five Pacific Stations Form Nucleus of Chain

System Will be Extended to National Size

Programs from KMTB Will be Included

Copyright, 1929, by the North American Newspaper Alliance

BY MARTIN COBLE

WASHINGTON, March 22. (Exclusive)—A third national chain of broadcasting stations, originating with five Pacific stations as a nucleus and planning to extend eastward as fast as land line connections are made available, is being organized by Adolph S. Linden, a Seattle banker. Mr. Linden was in Washington this week to discuss the possibility of joining a local station to the proposed chain, and is now in New York negotiating further details.

The network will be an extension of the American Broadcasting Company, controlled by Mr. Linden, whose five far-western stations now are frequently hooked up with the Columbia Broadcasting System. It will be known by that name in its nation-wide operation.

KMTB IN GROUP
The five stations of the present "ABC" group are KJRH, Seattle; KXER, Portland; KGMA, Spokane; KXYA, San Francisco, and KMTB, Los Angeles. This group of stations is regularly hooked up for broadcasting national programs.

The new national system is expected to emphasize programs originating in western cities. Studies will be maintained also in New York, Chicago and other important centers of talent.

The time limit for the inauguration of the new national chain and the identity of the additional stations it intends to link remain undecided. Mr. Linden is known to have enlisted adequate capital, and there has been some discussion of a possible affiliation with Western Union, Inc., the subsidiary of the North American public utility group, which is preparing to institute a system of sending radio programs into homes via power wires.

STRENGTH INDICATED
The tie-up with Western Union, if there is any, probably will be undertaken for an exchange of artistic and copyrighted material. Informal assurances from reliable sources of information are to the effect that the new national network will be strong enough to compete with the present national chains, the Columbia Broadcasting System and National Broadcasting Company.

The prospective advent of a network backed by western interests forecasts offerings to the radio listeners of the Middle West and East of more entertainment originating in Pacific Coast centers. Stations in Los Angeles and San Francisco, Californians constantly boast that the talent on hand there is quite as good as that available in the East and often superior. Some objection has been voiced from time to time to the fact that only occasionally do the present chain radio programs feature artists who are in Hollywood for the "talkies," or of a sympathy for the motion picture in Portland, Or., led by Menzies.

Bay City Bar Backs Council

SAN FRANCISCO, March 22. (Exclusive)—By unanimous vote the San Francisco Bar Association, at its quarterly dinner meeting tonight, pledged its support to the Judicial Council of California, at present under attack in both houses of the Legislature at Sacramento.

The Council, comprised of eleven judges, with Chief Justice Waste of the Supreme Court as chairman, was instituted by vote of the people two years ago and empowered among other functions, to recommend reforms in court procedure. Officers of the association were authorized by resolution to take such steps as are deemed necessary to defeat legislation at Sacramento that would either eliminate the Council or impair its functions.

Keith Enters Attorney Race

Donald M. Keith, Deputy City Attorney, who has been handling most of the large opening-and-closing proceedings for the past several years, entered the race for election as City Attorney yesterday by taking out nomination petitions at the office of City Clerk Dominguez. Mr. Keith, who lives at 530 South Hobart Boulevard, is the fourth candidate in the field for that office. The number of candidates in the contest for Comptroller seats rose to 106 yesterday when J. Walter Kays, a real estate and insurance man of 50 Fremont Place, took out nomination petitions to run in the Third District.

Funeral rites for Frederick Vallon set for Monday morning.

Frederick Vallon, 80 years of age, pioneer cattle raiser of California, died yesterday of heart disease in the French Hospital.

Funeral services will be conducted Monday at 9:45 a.m. from the chapel of Gooden & Martindale, 828 West Washington street. A second service will follow in St. Vincent's church.

Mr. Vallon entered the cattle business in San Francisco in 1858. He went to San Bernardino in 1879 and came to Los Angeles in 1882. The home he built on his arrival here at 1405 West Pico street was at his death the residence at the time of his death.

BY MARTIN COBLE

William E. Record, business manager for the Board of Education of the Los Angeles city school district, was unanimously elected president of the California Public School Business Officials' Association at the final session of the organization's three-day convention at the Roosevelt Hotel, Hollywood, yesterday.

Other officers elected are George Yelland, Alhambra, first vice-president; David Hardy, San Francisco, second vice-president; L. L. Smith, Fresno, treasurer, and William H. Cox, Alameda, secretary. Directors elected are: Miss Elizabeth Phillips, Santa Ana; Will Angier, San Diego; Don B. Rice and William E. Whalen, of Oakland.

The morning was given to technical discussions of problems affecting the systems and methods of city and county business managers. Visiting the motion-picture studios was the entertainment offered delegates and their wives in the afternoon.

A banquet, at which all of the members of the Board of Education, with Frank A. Bouelle, Superintendent of Schools, and Mayor William W. Parker, Record, business manager, and Mrs. Record, were guests of honor, closed the meeting.

Although not definitely decided, delegates were inclined to accept the invitation of San Francisco for their third annual meeting next year.

Former Official of Los Angeles Called Beyond

Thomas Strohm, 52 years of age, the oldest Knight Templar of Los Angeles and identified with the city government in the '90s and '00s, died yesterday afternoon following a short illness at the home of his daughter, Mrs. George O'Donnell, 1541 North Main street.

For the past fifty-three years Mr. Strohm has been active in Los Angeles business circles as head of the Brouncker Water Bottling Company, later changed to the Shasta Water Company, now directed by a son, Clarence Strohm.

Mr. Strohm met the leading aviation enthusiasts of Southern California, who will be the guests of C. G. Spill, engineer of Grand Central Air Terminal.

City Council in Resolution Asks Legislature to End "Third Degree" by Law

The Los Angeles delegation in the State Legislature is urged, in a resolution adopted by the City Council yesterday, to do all in its power to obtain the passage of an amendment to the statutory criminal laws which is designed to put an end to the so-called "third degree" method of obtaining confessions.

The amendment, which was proposed by the Los Angeles Bar Association, would make it a crime for a police officer, or anyone under his direction and control, to use force or threats to obtain a confession from a person in custody.

In urging the passage of the amendment, the resolution, which was introduced by Councilman Bonelli, asserts that "while City Council has repeatedly placed itself on record as being unanimously opposed to any and all phases of police brutality, and has without result, sought the aid of the Police Commission and the Chief of Police of Los Angeles to punish officers guilty of serious cases of brutality."

LAST SOUTHERN AIR GAP CLOSED

New Services to be Started Tomorrow

New York Line Via Texas to Open

Fast Express Will Run to Bay City

BY MARTIN COBLE

Closing of the last gap in a southern transcontinental air route, the opening of a new fast afternoon air express service between Los Angeles and San Francisco and a new daily air service between Los Angeles, San Diego and Santa Ana, California, were announced simultaneously yesterday by two Los Angeles air lines.

The completion of the southern route from Los Angeles to New York by air was announced from the headquarters of the Standard Air Lines, Inc., with the statement that the service will become operative tomorrow when the first plane, the Texas Air Transport Line meets the local corporation's plane at El Paso, Tex., and continues the trip to Dallas, where passengers change planes for the flight to Houston, and thence to Eastern points.

NONSTOP SERVICE
Announcement of the opening of the nonstop air service between Los Angeles and San Francisco, effective on April 1 came from the Madrug Air Lines. The Los Angeles-Aguila Caliente run will be supplemented with planes leaving both cities at 2:30 p.m., and arriving at Los Angeles at 12:30 p.m. with no stops. The Los Angeles-Aguila Caliente run will carry "overnight" passengers to the southern point on a plane leaving the Grand Central Airport at 4 p.m. The Phoenix flights of the Madrug line will be rerouted, in conformity with the new program, and the 10 a.m. plane from the air depot will fly to San Diego, then east to Imperial and on to Phoenix. The trip will be made in four hours.

Three prominent women aviators will take part in a stunt program scheduled for the Grand Central Air Terminal tomorrow afternoon, according to the announcement of the Madrug officials yesterday.

STUNT PROGRAM
Louise McPherson Thaden of Oakland, holder of the world record for endurance flight by woman; Myrtle Crossan of San Diego, claimant of the world's altitude record for woman; and Gladys E. Gifford, former holder of the endurance record, will appear in exhibition flights, while Alvin K. Brown, a member of the "Golden Gate" team, is scheduled to fly his 1919 "pusher" model plane.

A light-speed excursion over the beaches and valley in three trimotored ships, led by Lieut. D. W. Tomlinson, chief pilot of the Madrug line, is another feature announced for the day.

Louise Thaden will be the guest of honor at an aviation banquet at the Ambassador Hotel, which will meet the leading aviation enthusiasts of Southern California, who will be the guests of C. G. Spill, engineer of Grand Central Air Terminal.

Return to Berlin Held Significant

Conference Call Made to Uncertainty

March 22 (P)—German and communist circles feel that the return of Dr. Schacht to Berlin marks the beginning of a crucial period in the history of the Reich.

Dr. Schacht, arriving in Berlin today, is expected to make no statements, but his return is held to be a significant move.

It is believed that his return is a move to bring about a conference of the Reichstag, which is expected to be held in the near future.

Dr. Schacht's return is also expected to bring about a change in the German government, which is expected to be held in the near future.

LAMONT'S JOB WORLD-WIDE

New Secretary of Commerce Finds He'll Have to Spend Months Learning Business

WASHINGTON, March 22. (P)—Fully ten days of the term in office of a new Cabinet member is taken up with answering messages of congratulations, shaking hands with new acquaintances, and meeting visitors who have become official associates. The three months are needed for a survey of an organization sprawling over a continent with extensions all around the globe. When he gets through with that, he may have a real chance to formulate notions about what to do with and on the job.

That, at least, is the experience of Robert Patterson Lamont of Chicago, who resigned the presidency of the American Steel Foundries Company to take the Commerce portfolio in the Hoover Cabinet.

ONE LOOK ENOUGH

After one careful look over the tables of organization for his new department, discovering that it was responsible for some 100,000 employees, Lamont announced that he was not going to voice any ideas about what ought to be done with it until he had a lot more experience.

"I expect it will take months to get any notions about policy," he said, "and certainly the first three weeks I've only had a chance to look into one of the outlying sectors, the radio section. It is just a little like my past experience—to revert to their offer by just 20 per cent as a compromise."

POSSIBLE COMPROMISE

The informant continued: "Dr. Schacht, who has behind him the entire German delegation at Paris, might possibly be persuaded to agree to a 1,750,000,000 for thirty-five years but he certainly will be adamant in his unwillingness to bind Germany to such a figure for generations to come."

"The Paris conference therefore seems to have reached an impasse. The German delegation feels that it does not want to assume responsibility of the conference disbanding without settlement and without giving those who during the last analysis must assume the burden of raising the reparations an opportunity of conferring with Dr. Schacht. These, of course, are the financiers and industrialists."

It is understood that Dr. Schacht's conference are scheduled for tomorrow and Sunday but the great and noisy endrobes the time and place and the participants are to be.

GUILT PLEADED

by Mrs. Sharp in Kidnap Case

SAN FRANCISCO, March 22. (P)—Mrs. Edna Sharp, confessed kidnaper of 4-year-old Doris Smith-Murphy, pleaded guilty to a charge of child stealing in Superior Judge Johnson's court here today.

After entering her plea she collapsed and had to be carried from the courtroom. Attorneys for Mrs. Sharp asked that she be granted probation and Judge Johnson set the case over until the 19th inst. when he will rule upon the request.

CHICAGO, March 22. (P)—Prohibition agents today raided the lobby of the fashionable Congress Hotel on Michigan avenue and seized three bell boys who are asserted to have sold liquor to guests. Prohibition Administrator E. C. Yellowley resides at the Congress. Undercover agents are reported to have made an investigation there. Today they swooped into the lobby and seized a bell captain and two aides. They also hunted for five other bell boys, who they said, had delivered liquor to guests. One of them made his escape by doffing his uniform on the roof.

WORKERS ASKING MOONEY PARDON

SAN FRANCISCO, March 22. (P)—The California State Building Trades Council meeting in convention here adopted a resolution today petitioning Gov. Young to pardon Tom Mooney and Warren K. Billings, serving terms in San Quentin in connection with the preparation day bomb killing here in 1916. The action was unanimous.

CHINESE REDS TAKE WARPATH

American Consul Reports Communist Rising

Foreign Missionaries Flee for Their Lives

Outbreak Believed Revival of January Row

WASHINGTON, March 22. (P)—American Consul-General Jenkins at Canton reported to the State Department today that he had received a telegram from Kanchow saying there had been Communist rising in many parts of Southern Kiangsi.

Several places have been burned and the foreign missionaries have been forced to desert their missions and flee for their lives.

General reported, he admitted his inability to protect life and property. As a result, Mr. Jenkins has asked the local military authorities at Canton to send assistance to the distressed missionaries.

He also reported that the safety of Americans and their property.

TRouble REVIVED

The Communist uprisings are believed in Washington to be a revival of those of last January when Rev. Edward Young of Smithtown, N. Y., a Catholic missionary, was captured at Nanchow and held for \$20,000 (Mexican) ransom, but later released.

The Communists operating in the Tzu district of Southern Kiangsi are headed by Chu TTE, who designates himself commander of the Fourth Red Army, and Mao Tse Tung, as party representative of the Fourth Red Army.

Their order for the capture of the missionary set forth the object of the Hung Bush, or Red army, as the overthrow of imperialism and resistance to civilized exploitation.

"The United States of America is an imperialistic country which conspires with the revolutionary Kuomintang government and lends considerable sums of money to the latter to oppress Chinese laborers and peasants."

"Further, she takes advantage of the missions and uses them as organs to further her interests by means of civilized exploitation of China. These organs serve as vanguards of the capitalists and spies of the imperialists."

It is now understood that an American missionary, Wang K'ao Ai (Edward Young) is maintaining a Catholic church at the Tzu district. Upon arrival at this place this man was highly indignant upon repeatedly receiving reports from laborers and peasants that the Catholic church was being used as a headquarters for the Kuomintang.

"To punish him for his deeds, we hereby order that the said Wang K'ao Ai be apprehended and brought to this headquarters for detention. Further, we order that the Catholic mission property which Wang obtains through blackmail shall be disposed of within three days and a sum of \$20,000 Mexican be sent here for distribution among the unemployed laborers and peasants in Southern Kiangsi."

Upon receipt of this amount the said Wang K'ao Ai will be released and deported. In conformity with the object of the Red army to overthrow imperialism and resist civilized exploitation, and in order to enable the laborers and peasants of the Tzu district to air their grievances to some extent, the Catholic mission at this place shall not be permitted to open again and be closed forever."

PHONE WIRES CUT

AND TROUBLE FEARED

CANTON (China) March 22. (P)—Telephone communication with Kanchow-Ki, Kiangsi, were interrupted this morning and it is feared the situation there is grave.

The Commissioner of Foreign Affairs at Canton told the American Consul-General here that the Chinese government planned to dispatch troops to Kiangsi, but due to the absence of higher officials at Nanking, where they are attending the Kuomintang convention, the action has been delayed.

The detention of Marshal Li Chai-Run, commander of Canton, by the Nationalists at Nanking, deeply resented here, where it is believed the Kanchow outbreaks are connected with the Nanking-South China impasse.

NO WORD FROM LOCALITY AFFECTED

HONGKONG, March 22. (P)—The local headquarters of missions represented in South Kiangsi Province, where Communist uprisings have occurred, said today they have been unable to get any word from that locality.

HUGHES SPEAKS ON PEACE PLANS

Address Given Before Yale Audience

Discusses Pan-American Arbitration

Holds United States Amity Policy Proven

NEW HAVEN (Ct.) March 22. (P)—Charles E. Hughes, speaking at Yale University tonight, said that signature of the Pan-American arbitration treaty by the United States was a demonstration, "heartily welcome" by other republics of the western world, of this country's "sincerity in renouncing war as an instrument of national policy and in pledging itself to settlements by peaceful means."

The address was the first of two lectures Mr. Hughes is giving here on "Pan-American Peace Plans."

Mr. Hughes, who was chairman of the Sixth Pan-American Congress at Havana, when the arbitration treaty was negotiated, said the pact recognized that what might otherwise fall within the domestic jurisdiction exclusively may be brought into the international sphere through an international agreement.

"States are constantly making treaties," he continued, "removing causes of difference and establishing rights and obligations which are not governed by international law. But when the treaty or convention is entered into, and international

WINNERS IN WRITING CONTESTS OF QUILL AND SCROLL LISTED

IOWA CITY (Iowa) March 22. (P)—National winners in feature writing and advertising contests conducted by Quill and Scroll, national high school journalistic society, were announced today by George H. Gallup, secretary. More than 5000 manuscripts were entered in the competition, which was open to all members of Quill and Scroll.

First place in the feature contest went to Gibson Diddle of Central High School, Lima, O., and first honors in the ad-writing competition to Phoebe Carrick of Tulsa, Okla.

Other winners in the feature-writing contest included Bob Fritchard, Waterloo, Ia., second; James Phillips, Moran, Wash., third; Carolyn Sammons, Kearney, Neb., fifteenth.

Other winners in the national advertising contest included: Edward Byron Hirsch, Cheyenne, Wyo., fifth; Paul Savidge, Tacoma, Wash., sixth; Marty Martin, Fremont, Neb., seventh; Dorothy McClain, Albuquerque, N. M., eighth; Jake Letvak, Billings, Mont., eleventh.

Winners in the feature-writing contest for the Pacific Coast were Gertrude Ward, Fairhaven High School, Bellingham, Wash., first; Hattie Herz, Westview High School, Aberdeen, Wash., second, and Donald Stanford, Stockton, Cal., third.

It is interesting to note that in the course of the discussions at the conference in Washington the Monroe Doctrine was not mentioned. The treaty makes no reference to it and the reason is obvious. The treaty is between the American republics.

He declared that he sees no reason why Norway should show a spirit of accommodation regarding the foreign affairs estimates, the Conservative leader, C. J. Hambro, protested against the manner in which he said the United States is dealing with Norwegians who travel to America.

Mr. Hambro added that he is quite friendly disposed toward Americans, but would feel inclined to make himself as disagreeable as possible to traveling Americans in the interests of reciprocity and as a protest against America's "haughty attitude."

The three candidates for the post of leader most prominently mentioned, Martin O. McCut, John F. Curry and Edward F. Ahearn, refused to comment on the events of the meeting.

TAMMANY FAILS TO SELECT BOSS

Olivary Resignation Accepted by Executive Body

Chiefs Will be Consulted on Naming Successor

Gov. Smith Recognized as Nominal Leader

NEW YORK, March 22. (P)—The executive committee of Tammany Hall today accepted the resignation of George W. Olivary as leader and adjourned after a session lasting one hour and ten minutes without naming his successor.

A committee of six, three men and three women, was named, however, to consult with Mayor Walker, former Gov. Smith, United States Senator Wagner and Surrogate Foley concerning the choice of a leader. None of the four, ostensibly, has expressed preference or taken any part heretofore in the discussion as to who should be leader since Mr. Olivary resigned a week ago because of ill health.

In some Tammany circles the naming of the committee is said to leave the selection of the next leader in the hands of Mr. Smith, who, as the Presidential candidate of the Democratic party last fall and a long-time sachem of the Tammany Society, is the nominal leader of the party, nationally and also in New York City.

The three candidates for the post of leader most prominently mentioned, Martin O. McCut, John F. Curry and Edward F. Ahearn, refused to comment on the events of the meeting.

BOROTRA MEETS HUNTER TODAY

Bounding Basque Favored to Take Title
French Ace Beats Aydelotte in Straight Sets
Seligson Bows to Veteran 6-4, 6-3, 6-2

NEW YORK, March 22. (AP)—For the first time this year rival stars of the French and American Davis Cup teams are to meet tomorrow in a major championship at stake. Seligson, bounding Basque of the Tri-color, and Frank Hunter, hard-hitting master of the forehand drive, crashed through a 2-1 final match today to qualify as finalists for the national indoor tennis crown.

Playing simultaneously on adjoining courts before a crowd of 300, Borotra swept to victory over Billy Aydelotte of New York, the defending title-holder, by scores of 6-1, 6-4, 6-4, and Hunter crushed stubborn opposition on the part of Julius Seligson of Lehigh, inviolate champion, to win by 6-4, 6-3, 6-2.

The famous internationalists chose characteristic routes to victory, the Basque covering the entire court with his marvelous footwork and smashing with terrific force off both forehand and backhand, while Hunter outlasted and outwitted his opponent with a crafty and punishing driving attack.

Borotra and Hunter will meet tomorrow in the doubles final. Frank and his famous partner, Bill Tilden, who did not enter the singles, won today from Seligson and Lawrence Kurdek, both of New York, 6-3, 6-4, 6-4, while Borotra and Watson Washburn, his American partner, defeated the defending champions, Aydelotte and Perrine Rockefeller, New York, 6-4, 6-3, 6-4, in the other semifinal.

Former Bruin Star is Now Mexican Hero

SAN FRANCISCO, March 22. (AP)—From a football coach to a general in the Mexican Army is the fortune, or misfortune, of Kjeld Schmidt, former Napa (Cal.) boy, says a special dispatch to the San Francisco Chronicle. Schmidt, the dispatch from Napa relates, was a former star athlete at the high school there, and later earned fame as a cross-country runner at the University of California at Los Angeles. A few years ago it was said he accepted a post as coach of the Mexican Army football team. He gained such success and popularity that he was commissioned a general. And now, so the story goes, Gen. Schmidt is coaching his troops on how to make holes through the lines of revolutionary confederates.

Manassa Mauler Agrees to Accept New Yorker as New Partner

NEW YORK, March 22. (AP)—Jack Dempsey today entered into a two-year agreement with Rumbert J. Pugan, middleweight champion of Madison Square Garden, for the promotion of boxing matches here and in other sections of the country.

A new agreement of the agreement was made by Dempsey's attorneys after a series of conferences between the former heavy-weight champion and Pugan, Pugan, the new side alliance "an informal arrangement."

Finishing six lengths behind the winner, Easter Hero captured second grand national honors for his American owner. Not another American-sponsored jumper was among the dozen finishers.

Detroit may be noted for its slivers, but we can't say much for the ball team that is now regaling the fans with the Michigan metropolitan out all Wrigley Field. The Tigers managed to lose to the White Sox in a third straight game to the Chicago Cubs yesterday.

About the only things these Cub-Tiger games are doing, as far as our superior brains can figure it out, are to get the Detroiters used to taking losses, for they're going to get beaten a lot this year, and make the Los Angeles fans appreciate Coast League baseball when the season opens next Tuesday. As exciting exhibitions of the national pastime the Cub-Tiger clashes have been colossal flops. It looks as though the Chicagoans could go on beating the Tigers indefinitely. Somebody ought to throw in the sponge.

TIGERS GET EIGHT RUNS
The tigers did manage to get eight runs yesterday, but they got 'em off the offerings of Artie Nehf and Cuyler Bush, who certainly can't be classed as major-league hurlers on their exhibitions thus far this spring. The Detroiters collected fifteen hits off

Frank Wyckoff, national A. A. U. 100-yard dash champion, was defeated in his comeback yesterday, when he was tossed out by Trebarns of Pasadena in 10 seconds flat. The race took place in the Glendale Pasadena track meet which was won by the former by a 75-54 score. Wyckoff did not compete in the 220-yard dash which was also won by Trebarns in 22 1-5 seconds. Juddy Welch, Pasadena star, was the high-point man of the meet with 14 digits to his credit. Welch finished third in the 100, second in the broad jump, and ran away with both hurdle races.

BUCKING CELT WINS DECISION

Heralded "Furious Combat" Proves Featureless

Booes of 21,000 Fans Greet Boxers at Finish

MADISON SQUARE GARDEN, NEW YORK, March 22. (AP)—Two vaunted lightweight punchers, Jimmy McLarnin, the

Irish, and Ray Miller, blond left-hook artist from Chicago, met in what should have been a furious combat tonight and turned in a battle as tame and featureless as their first meeting was bloody and spectacular.

Where there might have been smashing punching, furious rallies, knockdowns and finally a knockout, such as McLarnin endured in their scuffling around to evade the lightning that never struck, and the cagey sparring of overcautious young business men. What heavy hitting there was McLarnin did it for the most part and he won the decision amid a steadily rising storm of booes from 21,000 of the faithful who paid over \$111,000 to see the action.

Irish Jimmy, who has turned in such spectacular performances in other appearances, also won whatever honor there was in the fray. He mastered Miller thoroughly, but not damagingly, was strong rarely by the blood-sucker's belt, book, and beat a hollow on head and body, when he could get out of clinches, that had Miller weak and weary at the close.

As frequently happens with punchers of reputation, both lay back from the very start, waiting openings from the heavy artillery. Since both are counter punchers and battle best when the fighting is brought to them, there were few openings and even less action. It seemed a relief to both to lean in close and slug at close quarters out of the heavy artillery.

Whatever break there was in the match came for McLarnin

in the eighth round when he landed a right hand on Miller's head, which Miller did not recover from.

DUDLEY SHOTS 143 TO COP LEAD IN LA GORCE TOURNAY

MIAMI BEACH (Fla.) March 22. (AP)—A steady brand of golf on the fairways overcame weakness on the greens to place Ed Dudley, Los Angeles, ahead of a field of sixty-five at the half-way mark today in the 72-hole \$15,000 La Gorce open golf tournament.

Dudley's score was 68-75-143, his morning round having established a low mark for the day.

Dudley outdistanced Horton Smith, Joplin, Mo., three strokes at the end of today's play over the wind-swept La Gorce Golf Club course. Smith went into a tie for second position with Harry Cooper,

LA BARBA COMING HOME FROM AUSTRALIA SOON

Fidel La Barba will arrive home April 14 from Australia. Clayton Frye of the L.A.A.C. received a cable from George Blake yesterday stating that he is coming home.

The ex-fighter fought four times in Sydney, making a clean sweep. His opponents were Billy McAllister, Billy Grimes, Smith, and Smith. He knocked out Smith in the last fight.

Fidel is signed for Bud Taylor here as soon as both parties arrive at the same time. Kid Francis is another probable La Barba starter.

L. A. High Cinches City League Dual Track and Field Laurels

ROMAN RUNNERS RUIN REDSHIRTS

Pioneer Trackmen Nose Out Hollywood, 54 5-6 to 49 1-6

Red Hawk Leads Scoring, Cops Both Sprints

Boore Defeats Obergall in Half-Mile Battle

The L. A. High Romans got the breaks yesterday in their meet with Hill Pale's Hollywood Footbills and defeated the Redshirts, 54 5-6 to 49 1-6. The meet was held on the Hollywood field and was a thriller from start to finish. The Romans won the dual meet championship of the City League.

One of the biggest breaks in the Romans' favor was the split of Paul Grade, Hollywood's star, who was unable to start the 100-yard dash. The Romans' lead in the low hurdles, which Miller and Grade were leading in the first round, was broken at the last hurdle, when Grade stumbled on his last jump and fell. He failed to take a place, ending Hollywood's lead at least 3 points, which would have given them the meet by 1-5 of a point.

ALMOST EVEN

With the relay to be run, the score stood 49 1-6 to 49 1-6 in favor of L. A. The Romans won the baton-passing event by 5 yards. However, quite an argument arose over the event. One of the judges claimed that L. A. should be disqualified, because of one of their men cutting in the discussion last over half an hour. Finally, Hill Pale, the Hollywood coach, settled the question by refusing to enter a protest.

Frank (Red) Hawk led the scoring with 19 and a fraction points. The rambler Roman redoubled his efforts in the 100-yard dash, the farthing in 33.81 seconds, running the last lap on the winning relay team.

Capt. Dave Foley led his forward relay for half-mile honors. Rudy Obergall, to the tape in the two-lap event. Foley trailed the Hawk Footbills all the way around, beating him out at the finish by one yard.

Reveries Lohmeyer, stellar Roman pole vaulter, went as high as the Hollywood standards would let him, clearing 12 ft. 3 in. easily.

JORDAN COPS MARINE LOOP TRACK TITLE

Coach Gerald Simpson's Jordan High varsity track-and-field squad ran off with the Marine League track title yesterday afternoon at Banning High. Jordan ran up a mark of 50%, while their closest rivals, Rial High, was getting 25 points. Other finishers in order were: Bell, 15; Gardena, 14; Washington, 11; Narbonne, 11; Banning, 7; Torrance, 6.

Likewise in the Class C meet, Coach "Buddy" Bender's Jordan team outdistanced the field to win the championship of their class. Bender's boys won five out of nine possible first places, besides setting two out of four new meet records. Gardena took second with 21 points, while Banning scored 15. Bell for third place with 13; to 12½; Washington came next with 9½; Narbonne followed

LYOYD WANER JOINS PIRATES

SAN FRANCISCO, March 22. (P)—Lloyd Waner, younger member of the holdout Waner brothers, arrived here today and after a conference with President Barney Dreyfus of the Pittsburgh Pirates, signed a 1929 contract. Young Waner said he was ready to play today.

While it is known that Dreyfus and Lloyd discussed the case of Paul Waner, older brother and star outfielder who is also a holdout, neither would comment on the situation. Other members of the team, however, are strong in the belief that Dreyfus will induce Paul to sign in the near future.

Terms of Lloyd Waner's contract were not made known but it is understood the speedy centerfielder will draw around \$10,000 for the season, an increase of \$2500 over last year. He has been holding out for \$12,000.

with 4½, while Torrance and Rial failed to take a point.

PRICES SHARPLY OFF IN TRADING

(Continued from Twelfth Page)

The copper shares sold off sharply. Anaconda, Greene Cananea and Kennecott selling down 5 to 6 points but recovered some of their losses before the close. Case Threshing tumbled 30 points. Johns Manville dropped about 6 points to a new 1929 low at 180 1-4, and Wright Aero

Baldwin Locomotive mounted more than 8 points to another new peak at 27 1/4, only to slump to 25 1/2, off about 8 points. Advance Rumely common again moved forward, touching a new high at 97 1/4, only to lose all of its gain. The preferred lost about 7 points. Adams Express was a strong point, shooting up 25 1/4 points to a record price at 990 1/4. Victor Talking Machine regained 8 points of the previous session loss of 28. Houston Oil mounted about 6 points and retained about half of its gain.

Such issues as Allis Chalmers, American Can, American Water Works, Bethlehem Steel, Canadian Pacific, Chrysler, Coty, National Cash Register, International Nickel, Standard Oil of California and United States Steel reacted 2 to 6 points. Macy & Co. and May Department Stores sagged to new lows

For the year.

In the commodity markets cotton improved on higher Liverpool cables, then ran into profit taking. Wheat was sold heavily on bearish weather reports, and corn was carried lower.

Foreign exchanges were quiet and generally firm. The Japanese yen, however, sagged further, touching 44.20 cents.

WOOL MARKET

POSTON. March 22. (4).—Only a limited volume of business is being done in the wool market with a moderate volume of sales and American territory, both of graded and ungraded, and of original had fine French coming steady in market. The steady prices with asking prices tend to stiffen. Quotations on fleece wools in this quality are steady. Prices are still weak on 60s, 60s and 60s domestic wool. Quotations on top of 60s to the grades tend to be lower than recent selling prices.

POLICE BUDGET
ASKS NEW JAILSDavis Sets Department Needs
at \$13,603,323Central Station Requested
in Yearly ReportHousing for 2500 Prisoners
Urged in Data

Provision for a modern three-story jail with accommodations for 2500 prisoners, segregation of different types of offenders, a new central police station, other additional stations and a large increase in the personnel of the police department are included in the tentative budget for the fiscal year 1957-1958, submitted by Chief Davis to the Police Commission, which will consider it next Tuesday.

The total amount asked for the next fiscal year to cover operations of the department and provide for expansion, is \$13,603,323, compared to \$6,741,119 during the current fiscal year and \$6,532,484 last year. The increase asked over the present cost of the department is \$6,871,204.

Of the total asked, \$6,347,825 is for salaries, \$600,000 for marksmanship bonuses, \$504,880 for expenses, \$150,000 for equipment, \$2,355,250 for new buildings, \$1,115,040 for additional police, \$148,140 for additional civilian employees and \$61,778 for expenses and equipment of the additional personnel.

The improvements suggested by the Chief include a new central station at an approximate cost of \$1,750,000, a new station at Venice costing \$100,000, a new Lincoln Heights jail costing \$250,000, a stockade fence at a cost of \$440,000, University station improvements costing \$700 and \$1650 for an office and clubhouse at the pistol range.

This year's budget requests contemplate tearing down the original jail building which has been condemned by several grand juries and the building of a three-story modern jail with accommodations for 2500 prisoners. Provision will be made for the segregation of different types of offenders, making it possible to segregate the young first offenders from the "hard-boiled" repeaters.

Gas Holdout
Company Will
Get in Line

With predictions by officials of the one major oil company that has not followed the others in boosting gasoline prices, that the company probably will get in line within the next few days, 18½-cent gasoline has come to stay, officials in touch with the situation stated last night.

Gasoline prices ranged yesterday from seven gallons for \$1, a fraction more than 14 days ago, to the top price of 23½ cents, at a few stations. Quotations throughout the city averaged 18 cents a gallon.

COUNCIL CALLED
TOO INQUISITIVETwo Members Lack Mayor's
Message CriticismInvestigations Said to Exceed
Legal PrerogativesDiscussion Breaks Out Over
Humane Inquiry

Agreement with Mayor Cyster's contention that the Council is exceeding its legal prerogatives in its periodic investigations of administrative departments of the city government was expressed by two members of the Council yesterday during that body's consideration of the message in which the contention was advanced.

That message accompanied a veto of an appropriation of \$100 made by the Council to pay for a court reporter to take a transcript of the proceedings of an investigation into the Humane Animal Department being conducted by the Council's Health and Sanitation Committee.

The two Councilmen who voiced their agreement with the Mayor's stand are Colder and Alber. Councilman Colder, who is a member of the Health and Sanitation Committee, added, however, that some of the investigations have been made necessary by the call of the persons appointed by the Mayor to the commissions responsible for the administration of the department.

If the Mayor were appointing the right kind of leaders to the commissions, he said, there would be no necessity to investigate their departments. He made particular reference to the present investigation of the Humane Animal Department during which it was brought out that a majority of the Humane Animal Commission were opposed to the practices which a citizens' committee had asked to be investigated, but had permitted the two other members of the commission to override their objections.

Councilman Foster, who is chairman of the Health and Sanitation Committee, informed his colleagues of the results of his investigation to date and argued that they clearly show the necessity for the investigation.

The discussion was cut short then by a suggestion of Councilman Sarno that the Mayor's veto of the appropriation and the accompanying message be referred to the Finance Committee for report, and President Bonelli adopted the suggestion. It is understood that if the Mayor's veto of the appropriation is sustained, the citizens' committee which asked for the investigation of the Humane Animal Department will pay for the transcript of the proceedings.

That Theme for Ensuing Week

Jerusalem is in turmoil, all Palestine is aroused. The oppressed are rising, the foundations of Rome are shaking, the empire of Caesar is threatened. The soldier is prepared for emergencies, the politicians are suspicious, the priesthood trembles and all are combining to resist an apparent plot of a group of revolutionists to invest Jesus Ben Joseph with temporal as well as spiritual power.

"Blessed be the king that cometh in the name of the Lord! Peace in heaven and glory in the highest!" From the throats of thousands of excited men and women rise the shouts as, casting flowers and palm branches in the pathway of their chosen leader, the multitude, gathering force as it goes, advances from Bethany to Jerusalem.

Pharisees: "Master, rebuke Thy disciples!" Jesus: "I tell you, if these should hold their peace, the stones would immediately cry out."

This scene, enacted nineteen centuries ago, a prophetic vision of Peace and the triumph of love over wrong and truth over error, will be commemorated throughout the Christian Week services will be conducted in the name of the Lord! MARSHALL'S RITES TO BE TOMORROW

Arrowhead Promoter Will Rest in Native Ohio After San Francisco Service

Funeral services for Beth Marshall, former president of the Arrowhead Hot Springs Company, who died in San Francisco Wednesday after a long illness, will be conducted tomorrow at 10 a.m. in the Mission Dolores Church at San Francisco.

Following the services, the widow, Mrs. Nancy G. Marshall, and a nurse will leave with the body for Patonville, O., birthplace of Mr. Marshall, where the burial services will be conducted and the remains interred in the family burial plot.

Mr. Marshall was a resident of Southern California for almost fifty years, coming here in 1880 from Michigan. Shortly after his arrival he purchased a large tract of land near San Bernardino and developed the Arrowhead Springs Hotel and Arrowhead Springs Water Company. He sold his holdings some time ago for approximately \$1,000,000.

DINNER AND DANCE PLANNED in commemoration of the first year of activity as an organization, the Printers' Masonic Club will celebrate with a dinner and dance Tuesday evening, April 16, next, at the Potrero Country Club, Manchester avenue, just beyond Western avenue. The Printers' Masonic Club is composed of Master Masons and members of the City of Los Angeles.

The officers for the ensuing year are Alexander N. Roberts, president; John B. Hillard, vice-president; E. N. Good, secretary, and Virgil W. Frazier, treasurer.

Previous to his association with the Durant Motors, Mr. Haynes was president of Dodge Brothers and after the sale to Willson, Read & Co. was chairman of the board.

Nearly \$400,000,000 was spent by tourists in France last year.

Mr. Haynes said this is his first visit to the coast in his present capacity. "As a former president of the Detroit Board of Commerce, I thought I knew a few things about modern progress and prosperity, but what I have been shown since my arrival in Los Angeles astonishes me," he said.

"You know back east there are many thousands who think of Los Angeles and Southern California as a resort city. As I rode through the industrial district I actually was astonished to see what Los Angeles is doing in the way of manufacture. Those enormous factories, the central markets and other evidence of commercial enterprise amazed me. We in Detroit are proud of our spirit of get-up and go but I am of the opinion we might take lessons from Los Angeles. To think that practically all of this development has taken place within fifteen years is staggering."

RABBIT MAN AGAIN FACES OLD CHARGE

Failure to Provide for Assured Son Brings New Warrant for Zinnicker

Convicted once for failure to provide for Gale Dean Pinckard, 18-month-old son of Mrs. Mary Stenbush Pinckard, Otto Zinnicker, rabbit fancier, again is facing trial on the same charge. Zinnicker, who was sentenced to serve two years at hard labor after his conviction, won a reversal of the judgment on a technicality in Superior Court.

Mrs. Pinckard's story, told to a jury in Municipal Judge Sheldon's court last December, was repeated yesterday to City Prosecutor Nix, who issued a complaint. She told of meeting Zinnicker, whom she declared is the father of her baby, and how, on learning that she was to become a mother, she refused to marry him and went to a Main-street employment agency, where Ernest Pinckard agreed for \$200 to marry her to give the baby a name.

His divorce was immediately after the boy's birth without ever having lived with her, evidence at the trial showed. Later Mrs. Pinckard changed her mind and filed failure-to-provide charges against Zinnicker.

Nix assigned Deputy City Prosecutor Hornaday, who brought about Zinnicker's former conviction, again to prosecute the case. Municipal Judge McConnell later issued a warrant for the arrest of Zinnicker.
